Dear Mr. Jaspreet Singh Pabla,

I appreciate your enthusiasm in volunteering to contribute to the biocuration and data analysis process in the context of a research project for the development of a Covid-19 meta database, which is a collaborative effort between BBC (www.bioinnovationcentre.com), IBAB (www.ibab.ac.in) and BdataA. You have made a good contribution to the project since 01-Aug-2020. With help from volunteers like you and the experienced core team members, we hope to complete the database development with a reasonable amount of useful data in the months to come.

Dr. Kshitish K Acharya
